1. This is a first Office action on the merits for application serial number 10/663,686 filed 09/17/03. Claims 1-9 are pending.
2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.
3. Claim 7 is objected to because of the following informalities: each spout cannot be disposed at both an end portion of the upper spoke and at the jointing portion as recited. It appears applicant intended to recite that a spout is disposed at each location, not each spout. Appropriate correction is required.
4. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, spouts at the joint portion of upper and lower spokes must be shown or the feature canceled from the claims (claims 6 and 7). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate

changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

5. Claims 1-9 are allowed.

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

7. This application is in condition for allowance except for the following formal matters:

Amend claim 7 to overcome above objection and either amend the figures to show the subject matter of claims 6 and 7 being sure to amend the specification accordingly or cancel claims 6 and 7.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

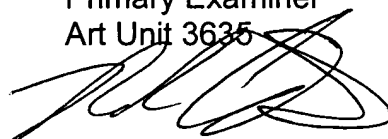

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
